

# I Want You Dead

Two Feet

'Cause I want you dead  
Why aren't you dead?  
And I dream of it  
You don't exist

You say you wanna fuck me  
Because I'm ugly and  
I'm feeling better  
Just when you're not around  
You say you wanna touch me  
Because I'm ugly and  
I'm feeling happy  
Just when you're not around

Just when you're not around

'Cause I want you dead  
Why aren't you dead?  
And I dream of it  
You don't exist

Boy you know that I'm sorry  
The nights a blur, but I'm  
Nothing without you  
Only made one mistake  
I know you wanna love me  
That's all that he said  
Till I found myself in  
His bed

'Cause I want you dead  
Why aren't you dead?  
And I dream of it  
You don't exist

'Cause I want you dead
