

## Intro

Two Feet

Hey!

So, it kinda sucks that I got your voice mail  
I think I should miss you, you know, a conversation but um, any way

I guess we both kinda sensed that something was up between us  
And I love, you know we tried to fix things and take a break

And maybe later we could come back

And maybe things would be better

But I'm just, I'm kinda just realizing now that maybe  
Maybe it's best if we don't try to fix things, you know  
Maybe we just kinda stay apart
