

# Never Enough

Two Feet

Baby, you told me last night was the last time, the last time  
Baby, you pull me under like a riptide, a riptide

It's never enough, never enough, never enough (I think you just  
don't care)

Never enough, never enough, never enough (but then you touch my  
hair)

Never enough, never enough, never enough (oh, baby, it's not fa  
ir)

Never enough, never enough, never enough, 'nough, 'nough, 'noug  
h

I think you just don't care  
But then you touch my hair  
Oh, baby, it's not fair

Light me up a cigarette, eh  
Take a hit and hold your breath

I'm breathing in-out, in-out, lift me up or bring me down  
In-out, in-out, lift me up or bring me down

It's never enough, never enough, never enough (I think you just  
don't care)

Never enough, never enough, never enough, 'nough, 'nough, 'noug  
h

I think you just don't care  
But then you touch my hair  
Oh, baby, it's not fair

(I think you just don't care  
But then you touch my hair  
Oh, baby, it's not fair)

I think you just don't care  
But then you touch my hair  
Oh, baby, it's not fair  
I think you just don't care  
But then you touch my hair  
Oh, baby, it's not fair
