

Wait For You

Two Feet

Wait, wait for you
It's something that I'll always do
Wait, wait for you
Can you save me when I'm on my knees?
So, baby, I'll-

There's someone else waiting there for you
I don't know what else I can do
'Cause time and time again, I'll choose you
Can't you see?

So, baby, I'll
Wait, wait for you
It's something that I'll always do
Wait, wait for you
Oh yeah

Well, don't you know where this can go?
The time that I wait and not go, go
And anything that you wanna know
I tell you, girl, I got it

So, baby, I'll
Wait, wait for you
Wait, wait for you
Wait, wait for you
