

Bandaïd

Two Friends

Don't say that you love me, baby, no
'Cause that's not what I want (hey, hey)
Now you'll try to make it something, but you should know
Nothing's what I got

I'm only gonna use you
Then say my goodbyes
I'm not gonna lie

You're just a bandaïd for my heart (hey, hey)
'Til you vanish like these scars (hey, hey)
No, I don't mean to hurt you, it's just I've been hurt too
So you'll need a bandaïd for your heart, heart

Yeah I might seem a little heartless
Yeah there's a hole, 'cause someone left a mark (hey, hey)
And I wish I wasn't like this, I really don't
Soon you'll understand your part

I'm only gonna use you
Then say my goodbyes
I'm not gonna lie

You're just a bandaïd for my heart (hey, hey)
'Til you vanish like these scars (hey, hey)
No, I don't mean to hurt you, it's just I've been hurt too
So you'll need a bandaïd for your heart, heart

I put a bandaïd on my heart
And then you'll vanish like these scars
Sorry for the pain I'll cause
One day we'll laugh at all these marks (yeah, yeah, yeah)

You're gonna need a bandaïd
You're gonna need a bandaïd
You're gonna need a bandaïd
You're just a bandaïd for my heart
