## Two Friends

My blue eyes and cute face  
Come with the tears I cry  
My lips you taste  
Speak all my little lies  
I got red nails that you can't resist  
But my hands sometimes might turn to fists  
And if you say you want someone perfect, well, I'll be honest

I'm not flawless  
But if you want me, you get all this  
The good and the bad, it's a long list  
So if you wanna leave, keep the change

I'm no goddess  
But you can't go changin' up my shit  
Ain't a drive-thru, no options  
Baby you can't have it your way

You don't need a dollar, dollar, dollar, dollar, dollar  
You get me all or get nada, nada, nada, nada, nada  
If you got a buck you might need to spend two  
Ya can't pick and choose what you're into  
Keep your dollar, dollar, no thank you  
I ain't no dollar, dollar menu

Your ex left town  
But still I got little a little bit of jealousy  
My worst comes out  
But no my love ain't sold separately  
And I'm not the type you get a-la-carte  
You gon' break me in pieces, I'll break your heart  
Cuz the whole thing's better than some of my parts  
So be cautious

I'm not flawless  
But if you want me, you get all this  
The good and the bad, it's a long list  
So if you wanna leave, keep the change

I'm no goddess  
But you can't go changin' up my shit

No this ain't no dollar menu  
If you really want it, me and you  
Love me at my lows, we'll get high too
