Hate Me

Two Friends

4AM, I'm here again
And even though I've been lonely
I know I should be leaving your side
You're telling me, we'll never be
And then you go ahead and call me
As if it didn't hurt every time

But you know I'll wait forever
If you'd let me
So if you ever cared
You'd let me go

I need you to hate me
If I'm ever moving on
I need you to break me
So I never call you up
Cause I don't wanna waste more time with you
So I every time I lay my eyes on you
I need you to hate me
I need you to hate me

The hardest part's you took my heart
But you don't know how to break it
If only I was strong enough to help
And looking back, I saw the cracks
I should've fallen right in 'em
But now I'm stuck with you by myself

You know I'll wait forever
If you'd let me
So if you ever cared
You'd let me go

I need you to hate me
If I'm ever moving on
I need you to break me
So I never call you up
Cause I don't wanna waste more time with you
So I every time I lay my eyes on you
I need you to hate me
I need you to hate me

I need you to hate me
I need you to hate me

I need you to hate me
If I'm ever moving on
I need you to break me
So I never call you up
Cause I don't wanna waste more time with you
So I every time I lay my eyes on you
I need you to hate me
I need you to hate me
