

## Hiding

## Two Friends

Aye

Girl, you got me way too high  
Took too much but I'll be fine  
'Cause I don't mind trippin' on you  
No, I don't mind trippin' on you  
Fallin' in the summertime  
Like you got my shoes untied  
But I don't mind trippin' on you  
No, I don't mind trippin' on you

Ooh, don't be like that  
Ooh, why you gotta leave like that? Goddamn  
I'ma be right there

Tell me what you think at night  
You lost your love but you still got mine  
I'll find it wherever it's hiding  
And we can stay out all damn night  
Chasing love and wasting time  
I'll find it wherever it's hiding

I'll find it wherever it's hiding  
I'll find it wherever it's hiding

You been on my mind since I met ya, aye  
Even if I tried, I can't forget ya  
When I get you out them hills, Cinderella  
I'ma put you in a ring like wrestler, yeah

Ooh, don't be like that  
Ooh, why you gotta leave like that? Goddamn  
I'ma be right there

Tell me what you think at night  
You lost your love but you still got mine  
I'll find it wherever it's hiding  
And we can stay out all damn night  
Chasing love and wasting time  
I'll find it wherever it's hiding

I'll find it wherever it's hiding  
I'll find it wherever it's hiding
