

# Looking At You

## Two Friends

Got a lot of love  
Little bit of less money  
Don't need too much on me  
Besides you  
Met a couple friends  
But I never really see them  
Cause I don't really feel them  
They don't look like you

You been on my mind  
Nine to five and then five to nine yeah  
Up the whole damn night  
Dreaming when I'm near your body  
I can't shut my eyes  
Want you in my bed even when I'm tired  
The pm turns into am  
And I couldn't rest if you paid me

So, what's up?  
I'm wide awake  
But never sleep enough  
Can't close my eyes around you  
But it's cool  
Cause I been looking at you

Best I ever heard  
Them views only drake knows  
I paint you like picasso  
Put you in the louvre  
I be pulling up  
Heard you got that plug babe  
So give me that love babe  
Make it hit like you

You been on my mind  
Nine to five and then five to nine yeah  
Up the whole damn night  
Dreaming when I'm near your body  
I can't shut my eyes  
Want you in my bed even when I'm tired  
The pm turns into am  
And I couldn't rest if you paid me

So, what's up?  
I'm wide awake  
But never sleep enough  
Can't close my eyes around you  
But it's cool  
Cause I been looking at you
