

Labeled insane, we play in the rain  
We wait and we pray for lightning to strike us  
We're blinded, at least we're reminded

It's fucking cold, I don't wanna go outside  
Shit, doesn't matter, cause I'm cold inside  
Well, whoa whoa, I said let's go, whoa

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, whoa-oh-oh

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, whoa-oh-oh

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, whoa-oh-oh

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, whoa-oh-oh

Labeled insane, lost in our days  
But we live and we pray for lightning to strike us down  
With the lights and sound  
We were left in a haze, now we're lost and we're found

It's fucking cold, I don't wanna go outside  
Shit, doesn't matter, cause I'm cold inside  
Well, whoa whoa, I said let's go, whoa

It's fucking cold, we don't wanna go outside  
Shit, doesn't matter, cause we cold inside  
Well, whoa whoa, we sing let's go, whoa

It's fucking cold outside, I'm fucking cold inside [x5]

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, oh oh

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, whoa-oh-oh

Whoa whoa, I said let's go, whoa  
Hold on tight, we're alright, it's just thunder tonight  
Oh oh, whoa-oh-oh
