

# Useless

## Two Friends

Hotel, the mini bar's empty  
Waking up next to you (oooh)  
Cheap flights and messing up bed sheets  
I don't know what you do

But oooh  
Your body make me lose control, lose control  
Like oooh  
I've been tryna take it slow, take it slow

But I know it's useless  
I do it for you baby, I do this, yeah  
Got me acting stupid  
I'll prove it for you baby, I'll prove it  
How'd you do this?  
Like oooh  
Sipping on your, sipping on your love love  
All I'm thinking of of  
Like oooh  
I do it for you baby, I do this, yeah  
Cuz I know it's useless

Cuz I know it's useless

Champagne and staying up late  
You say we got nothing to lose (oooh)  
If this goes up in flames  
I wanna go down with you

Cuz oooh  
Your body make me lose control, lose control  
Like oooh  
I've been tryna take it slow, take it slow

But I know it's useless  
I do it for you baby, I do this, yeah  
Got me acting stupid  
I'll prove it for you baby, I'll prove it  
How'd you do this?  
Like oooh  
Sipping on your, sipping on your love love
