

# Crushin' On U

TWRP

Last night at the TWRP show  
I saw you movin' up in the front row  
The finest lady I could see in the room  
Thought you were fly, and your friends were too

Fast track to later in the evening  
When you're hung off my shoulder  
Asking whatcha doing later  
You want to come over?

Oh, girl, it's wild  
Ooh baby, yeah  
That's why days, weeks, months, years later I'll be

Crushin'  
Crushin' on you (whoo!)  
Crushin'  
Crushin' on you  
A little crush me  
Your crush too

I've stayed alone for much too long  
But thoughts have changed now you've come and gone  
Please tell me will you be there later when the night turns to day  
No, will you stay with me forever or walk away?

I can't control how you make me feel  
I wanna know if your love's for real, 'cause I am

Crushin'  
Crushin' on you (whoo!)  
Crushin'  
Crushin' on you (whoo!)  
A little crush me  
Your crush too

Girl, crushin' on you  
Baby, I'm crushin' on you  
Girl, crushin' on you  
Honey, crushin' on you

I can't control how you make me feel  
That's why days weeks months years later I'll be

Crushin'  
Crushin' on you  
Crushin'  
Crushin' on you

Crushin'  
Crushin' on you (You make me wanna scream)  
Crushin'  
Crushin' on you (You make me wanna scream)

Crushin'  
Crushin' on you  
Crushin'

Crushin' on you
