

Dream Vacation

TWRP

Sometimes I need to get away
A feeling that's set alive today
Need to relax and escape from it all
And do something that I'll totally recall

Who will I be?
What will I see?
Where will I go?
Just plug me in and start the show
Be anyone
Go anywhere

It is a dream vacation (Dream vacation)
With all your friends (With all your friends)
It's now in three dimensions
You'll hope it never ends
And it's in your head

Wow, that was amazing
When can I go again?
Though it feels alive
It's in my mind
And if I don't come back, then that'll be fine

Be anyone
Go anywhere

It is a dream vacation (Dream vacation)
With all your friends (With all your friends)
It's now in three dimensions
You'll hope it never ends
And it's in your head

It is a dream vacation (Dream vacation)
With all your friends (With all your friends)
It's now in three dimensions
You'll hope it never ends
And it's in your head
It is a dream vacation (Dream vacation)
With all your friends (We're dreaming away)
It's now in four dimensions (We've got to four!)
You'll hope it never ends
And it's in your head
