Always used to let my curiosity
Run away and let it get the best of me
Try to light the spark and fan the flame but learned
If you wanna play with fire, you're gonna get burned

So I built a barrier
To keep away from her

Now when I look from my
Ramparts who do I see?
But her smiling face making me yearn for the beat

So I built a barrier
Now all I want is her

My love system has been broken
My love system has been broken
My love system has been broken
Emotion error deep within
Only you can fix me when
You turn me off and on again
