

Ladybug

TWRP

You broke the code to my heart
And I cannot force restart
And now I know that love ain't just binary
No matter what shape it may be
Though you're no good for me I know you'll never go
Cause you're my one and my zero

You know you are my
Ladybug
Only you can start me up
Cause you are my
My little Ladybug

Head always in the cloud
With you round I can't come down
Now that these thoughts of you infect my memory
I can only process you with me
But since I caught you I can't find the root
Of why I can't command quit you

You know you are my
Ladybug
Only you can start me up
Cause you are my
My little Ladybug

You know you are my
Ladybug
I beg ya please don't shut me down
Cause you are my
You are my little Ladybug
You know you are my
Ladybug
Only you control me cause you know just what you are
You are my little Ladybug

Ooh...
Yeah, yeah, yeah
Baby, don't shut me down
Ooh...
You are my little Ladybug
