Hey, baby, I try to meet your eye
But those eyes weren't made for me
I ask around 'cause the night has just begun
You're such a mystery (Such a mystery, such a mystery)
Cool glasses, I like 'em a lot
And your binary earrings are getting me hot
There is a certain time and place for love
And I'm starting to think that I know what you want

I think I know what you like
So farewell and goodbye
You can catch me later, baby
You can catch me online

I'll see you online
(You can catch me in cyberspace)
I'll be the one with the broadband embrace
I'll see you online
It's more than fantasy
When it's you and me online
Online, online
(HRU?
GD. HRU?
GD2
DYW SPEND UR LIFE WITH ME?
YES PLZ)
Online, online, online

The information superhighway (What an aphrodisiac)
Let's cruise with the top down (In my desktop Cadillac)
We can spend all night in my private chatroom
Here's the password
And you better write this down
(Babe, I think I love you!)
I can't believe I feel this way
Did not know I could afford
A love electric as that boy plugged into my motherboard

I think I know what you like
So farewell and goodbye
You can catch me later, baby
(I gotta catch ya online!)

I'll see you online
(You can catch me in cyberspace)
(Meet me at my virtual place)
I'll see you online
It's more than ecstasy
When it's you and me online

Baby, drive me crazy
Chat with you daily
Could you blame me?
Baby, drive me crazy
Loving you all day
On my display

Oh baby, when I pass you by I'm just another guy
Asking myself "Why do I try?"
Boy, why are we so coy out here in reality
When we both know virtually
I start feeling myself
You make me feel 20 feet tall
Here in our world
Never knew that I could feel this way
Never knew that you would feel the same
And the feeling's here to stay
From now until Y2K
And even then you know I'll wait
You know I'll wait

I'll see you online
(You can catch me in cyberspace)
Girl, I miss your interface
I'll see you online
It's like there's nobody but you and me online
I'll see you online
(You can catch me in cyberspace)
Netscape loving showcase
I'll see you online
We're young and we're free
Just you and me online, online, online
You and me, just you and me
Online
