

Summer Everyday

TWRP

Ooh, summer every day
(Sunny all the time)
Ooh ooh ooh ooh ooh

There is a place out west where land meets the sea
They have the best shit, but you know that shit ain't free
I like to taste of that sweet, sweet honey
Just have to chase after that
California dream

It is it a hefty price, but I will find a way

Ooh, summer every day
California
But you gotta pay
(Sunny all the time)
Where it's always sunny
California
If you got the money

I bought the VHS
But it's not like on TV
Everyone's smiling at me
Charging me fees
Even the doctor says
"Give me your money"
I think it's time to wake from this
California dream

It was nice, but it is time to say goodbye

Ooh, summer every day
California
But you gotta pay
(Sunny all the time)
Where it's always sunny
California
If you got the money

Ooh, summer every day
(Sunny all the time)
Ooh ooh ooh ooh ooh
Yeah

Summer every day
In California
But you gotta pay
(Sunny all the time)
Where it's always sunny
Almost all of the time, baby
California
