

## 6 Seconds Left

TX2

A leather seat reclines  
His body is covered with brine  
He called mom seven times  
Did she miss it or decline?

It reeks of gasoline  
He pushes the pedal deep  
His car will never leave  
It's time for him to

Sleep for the moment  
Maybe sleep forever  
All you've ever wanted  
Was to be remembered

Your patience paid off  
You're home but you're lost  
All of the trumpets you stopped  
This isn't what you thought  
Off of a ledge your heart drops

All I'd give to wake  
What did I leave and what did I take?  
With 6 seconds left  
I feel myself drowning in

Sleep for the moment  
Maybe sleep forever  
All I wanted  
Was to be remembered

I wanted to prove that  
I could be somebody  
I wanted it so bad  
Forgot someone loves me  
My whole life awaited  
But I was impatient  
Regret what I've taken  
Just please god don't let me

Sleep for the moment  
Maybe sleep forever  
All I wanted  
Was to be remembered

Sleep for the moment  
Maybe sleep forever  
All I wanted  
Was to be remembered

Fuck!

Filled with regret, what did I expect?  
Filled with regret, what did I expect?
