

Degrade Me

TX2

I cut my wings off
And held my tongue
I smoke your insults
Ya blacken my lungs
I carved your name
Into my skin just for fun
To be your good boy
Your number one

Degrade me
To keep me hooked
I let you brake me
Cause you fuck so good
I'm a masochist, for a massive bitch
The doors wide open but I won't exit
Because I'm crazy

You're sitting pretty with your Botox skin
You look so proud with that shit eating grin
You shoot me down like a bottle of gin
That's shit gets me guess I'm falling again

Degrade me
To keep me hooked
I let you brake me
Cause you fuck so good
I'm a masochist, for a massive bitch
The doors wide open but I won't exit

Crazy
How I just stay put
I let you play me
Like you knew you would
I'm a masochist, for a massive bitch
The doors wide open but I won't exit
Because I'm crazy

Degrade me
To keep me hooked
I let you brake me
Cause you fuck so good
I'm a masochist, for a massive bitch
The doors wide open but I won't exit

Crazy
How I just stay put
I let you play me
Like I knew you would
I'm a masochist, for a massive bitch
The doors wide open but I won't exit
Because I'm crazy
