

I Write Sins Not Tragedies

TX2

Every single rapper's tryna do pop-punk now
Every sick bastard race the clock TikTok down
Maybe you should've stayed in your lane not pick rocks sound
Chasing all the girls till their if age
Your dicks soft now
So dance Gavin dance
Cheating shits joining bands
Fuck boys takin' off their pants
Sendin' pics to their fans
Okay you ruined warped tour
Chasing girls tryna lure
Test your luck in the bus
Cause that's the only way you'll fuck (shit)
Now there's blood on the dance floor
You don't care cause your a damn whore
Wonder what you got banned for
Hmm time to answer
None of these issues are brand new
I'm sorry if I dissed you cause it's all I can do
