

## We Dont Talk Anymore

TX2

What was all of it for?  
Oh, we don't talk anymore, like we used to do

It started simple had conversations and giggles  
We talked about being single  
And then crosses that out when we mingled  
Duh  
I used to hear her voice  
Now it's no longer a choice  
Thought you'd gives one sec my Instagram will go check  
Were never alone cause shes always on her phone  
I feel his presence cause it's like the screen has grown  
Under her skin into her system when she turns it on  
I feel alone again like talking to a stone  
I want some real loved I wanna feel loved  
I need some real fucks  
Gave it cause she ain't enough  
Yeah I don't ask for too much conversation about some trust  
Yeah I'm better cause I don't need no picture of her ass  
Now I don't mean to harass  
But if she pulls out her phone  
Promise well break up like glass  
Ill be moving up fast  
So tonight when she approaches me to ask  
Well fight in emotions I mean it we won't last  
That's why

That we don't talk anymore, we don't talk anymore  
We don't talk anymore, like we used to do  
We don't laugh anymore  
What was all of it for?  
Oh, we don't talk anymore, like we used to do

I just hope you're lyin'-
