

# Amazing

Ty Brasel

Yeah yeah yeah  
Yeah yeah yeah

We came this far it's amazing  
Went cross the world on tour it's amazing  
I hopped off the porch made a statement  
If you got the chance gotta take it  
Why wait then it's all for the taking  
Not chasing I'm out here speed racing  
Constellations I'm going up where space is  
We came far it's amazing

This my anthem, put on ya playlist  
Mama called me she said  
You're on the station  
My partna called me he said  
He tryna make it  
I cash apped him a stack  
And said be patient  
I grew up with hyenas they loved danger  
I made it out the jungle with no cases  
Me I was a menace in the making  
I paid my due to society with praises  
Too long to I was stuck inside the matrix  
I went on a destiny for greatness  
I seen the highest heights I had to face it  
We made it this far it's amazing

We came this far it's amazing  
Went cross the world on tour it's amazing  
I hopped off the porch made a statement  
If you got the chance gotta take it  
Why wait then it's all for the taking  
Not chasing I'm out here speed racing  
Constellations I'm going up where space is  
We came far it's amazing

Well I tell ya, we've come a long way  
But ya know we've  
Still got a long way to go  
Strap in for the ride  
It's gonna be a good one

Yeah yeah yeah  
Yeah yeah yeah  
Yeah yeah yeah
