This life is a game, mm-hmm, just stick to the plan

Mm-mm, I'ma go get it, yeah  
Can't none stop me from getting my destiny, no, no  
I'm speeding fast, the spaceship effect, mm  
Back in my element, I can't never quit, ooh

Can't none, can't none stop me from getting my destiny

I brought the spaceship so I had to take a ride on it (Yeah)  
Life is a drug so I'm steady getting high on it  
And when the love is real it's something you would die for it  
I'm in the Yo, turn it up so I can vibe on it
