

# Halo

Ty Brasel

That girl is out of this world  
I think she's an alien  
She's not from this earth, no  
She might have an angel friend, mhm

Radiating lights  
You light up the night  
Please don't say goodbye  
Please don't leave this side  
Devil's in disguise  
Cannot fake these vibes  
Take me and let's ride  
Go to Paradise

Halo, she so bad with a halo  
Mhm  
It's fatal, she's so fine  
And it's fatal  
Yeah yeah  
Halo, she's so bad with a halo  
Yeah yeah  
Say so, just say the word I'm there  
When you say so

She's keeping some secrets  
That girl is a mystery  
She caught me in my feelings  
Please just don't leave me in misery

Radiating lights  
You light up the night  
Please don't say goodbye  
Please don't leave this side  
Devil's in disguise  
Cannot fake these vibes  
Take me and let's ride  
Go to Paradise

Halo, she's so bad with a halo  
Mhm mhm  
It's fatal, she's so fine  
And it's fatal  
Yeah yeah  
Halo, she's so bad with a halo  
Yeah yeah  
Say so, just say the word I'm there  
When you say so

Radiating lights  
Please don't say goodbye  
Devil's in disguise  
Cannot fake these vibes  
Take me and let's ride  
Go to Paradise
