

## Highlight

Ty Brasel

Lately, I been living on a highlight  
I been up so high 'cause this my lifestyle  
One thing I'ma tell you 'bout my life  
I'ma get it, I'ma get it right now (Yeah)  
Hmm-hmm-hmm-mhm-mhm (Ooh) (Ooh)  
Hmm-hmm-hmm-mhm-mhm  
Yeah, my-my life  
Right-right-right-right-right  
Lately, I been living on a highlight (High)  
I been up so high 'cause this my lifestyle (Life)  
One thing I'ma tell you 'bout my life  
God sent the light and it shined down

I been running out of reasons not to pray  
I been tryna find the time to meditate  
I been tryna tell myself that I'm okay  
I think I'm fi-finally on the way  
I know the devil been plotting on me, but God got me  
I know it's angels surrounding me, all they stay on me  
I know my mama is praying stronger than any army  
Throw any weapon my way, man, you can't harm me

Yeah, living high life in these trenches, time to skydive (Skydive)  
Put my hand up to the Lord, now that's a high five (That's a high five)  
Finally made it out that water, like I'm tye-dye (Like I'm tye-dye)  
Used to move like action figures, now we life-size  
Got no shame, I brought that Chick-Fil-A to Popeyes  
Never worry 'bout clout, need to watch your mouth when you talking 'bout Jesus (Yessir)  
'Cause we ain't got no time to waste, you better speed up (C'mon)  
But we so high up, it's hard to reach us (Yeah)

Lately, I been living on a highlight (Highlight)  
I been up so high 'cause this my lifestyle (Lifestyle)  
One thing I'ma tell you 'bout my life  
I'ma get it, I'ma get it right now (Yeah)  
Hmm-hmm-hmm-mhm-mhm (Ooh) (Ooh)  
Hmm-hmm-hmm-mhm-mhm (Ooh) (Ooh)

Almost lost my life  
You don't get it twice  
I'ma do it right, I'ma do it right  
Almost lost my mind  
Through it, I survived  
Now I'm flying high, up so high  
Since I learned aerodynamics, I can't stay around on these planets  
My life now I done came up, look at how he planned it  
And the view is panoramic, if you could see from this vantage

This is spiritual talking  
I'm a miracle walking
