

## Icy Freestyle

Ty Brasel

Yeah  
Let's go

Time to pop off with the gang  
My honor's in my name  
Got crosses on my body  
I stamped it on my chain  
I'm linked in with the greatest  
I'll put you up on game  
Pull up from deep like dame  
I pop off let it bang  
Bang  
I pop off let it bang

Ty la fly I'm on the way  
I'm sorry for the wait  
Devil tried to take me outie  
I'll take it to my grave  
I'm praising through the pain  
I'm speeding through the lane  
I'm locked in like a Audi  
And y'all can have the fame

You got it mane  
I'll stay in the background like Jermaine  
Gotta moves in decimals  
It's too my schedule  
And I gotta move carefully  
They got me feeling paranoid  
And you know it get icy in this area  
Gotta be prepared for any scenario  
I'm outside with my angels and affiliates  
And I'm rolling with my dawgs and it's really up

Time to pop off with the gang  
My honor's in my name  
Got crosses on my body  
I stamped it on my chain  
I'm linked in with the greatest  
I'll put you up on game  
Pull up from deep like dame  
I pop off let it bang
