

Kill My Mood

Ty Brasel

Kill my mood
Kill my mood

Never let these villains kill my mood
I detect the fraud cause
I always kept it true
Always on the move yeah
Rather now than never
Cause it's too much left to lose
Been different since a youth
Always been myself I could
Never follow their rules yeah
Yea ea ah eahh
I can't be like them
Cause I will not play the fool

Yea ea ah eahhh
Yea ea ah eahhh
Headed to the moon
Promise I'ma be back soon

You cannot kill my mood
I cut the toxic energy
To get back in my groove yeah
I play the hand that I was dealt
Did journeys in these shoes
I put the plan in motion
Double back then execute yeah
I'm searching for life
Not what they prescribed
I need peace of mind
Things money can't buy
Know you worth and work
And know your purpose
Chase it down till all of it emerge
Demons tryna stir up a disturbance
These vibrations come to break the curse
Making my way to the top floor
Breaking out the glass ceiling
Feel like I can do anything
No I know ain't no limits
Knew I'd make it one day
I just had to build the building
Looked fear in his face
Told him that I'm fearless
Caught up in this moment yeah, woosah
Nighttime looking at the moon shine
I keep it 100 proof, take a shot at me
I got a bulletproof conscience
Can't kill my mood

Never let these villains kill my mood
I detect the fraud cause
I always kept it true
Always on the move yeah
Rather now than never
Cause it's too much left to lose

Been different since a youth
Always been myself I could
Never follow their rules yeah
Yea ea ah eahh
I can't be like them
Cause I will not play the fool

Yea ea ah eahhh
Yea ea ah eahhh
Headed to the moon
Promise I'ma be back soon

Yea ea ah eahhh
Yea ea ah eahhh
Headed to the moon
Promise I'ma be back soon
