

Light Up (Interlude)

Ty Brasel

Aye Mo

Yo

I was just gonna say I appreciate you coming to the studio on last minute notice that was a blessing...

Yeah it's no worries I'd do it anytime, and I think the song is super dope by the way

Oh yeah that's wassup I appreciate that

What made you write it

Uhh, I mean... temptation, the temptation to run, from my purpose, from everyone, from everything... it's real you know... and sometimes I just wanna take the easy way out

Nah I feel that, I mean we all experience something like that at different points, but you just have to remember how far you've come, and all the things that God has brought you through you know?

And always remember why you do it, it's the only thing That'll keep you going

Nah I appreciate that that's too real...

But aye, you gotta come back through one day this week and get on another track or something

I got you, just let me know

Okay bet that

And hit me up if you ever need anything

Yeah most def
