94 until infinity
I ain't stop yet we go forever infinitely
Don't want a gimme
I can't do no gimmicking
I keep it solid, had to do it differently
Jacket from Holland, my pants from Italy
I just pulled up at the embassy
Had to turn up on my enemies
I went with God where He sending me
I ain't get here accidentally
I got the antidote I got the remedy
Me and my bruddas
We solid through anything
Back with the bounce
We rolling in symmetry
Light up the city they like my divinity
Angels with me they surround my vicinity
Stay with the vibe I on do negativity
Shining from Mississippi up to Tennessee
Came from the south
But you where we finna be (up)

I'm going mad
I ain't got no ceilings broke all the glass
I got that feeling ain't no going back
Been moving so fast, I can't make it last
Been speeding too fast, I Hope I don't crash
I'm going too crazy I'm mad 2 the max
I'm dodging the cameras
I ran when they flash
My head in the heavens
My foot on the gas, yeah
We started a wave, they copied the splash
My team on my back
Lebron with the cavs
I stayed to the plan, I stuck to the map
I paid all my dues and then I paid tax
I'm back in the mix
I stayed to the plan, I stuck to the script
I just crossed the waters
They burned down the bridge
I got on my gold
Let the blessing commence

Never follow the crowd
I ain't trying to blend
Don't hit me for a feature
If you not a friend
Give a shoutout to Ty
You know that he my twin
Hit me up with a banger, we did it again
Take a minute and look what he's done

Know it God's plan
Don't mistake it for luck
I'm a give it my all while they giving it up
And they keep doubted me
Well I'm keeping it up
Had a plan and I started a wave
Keep it frank you a drop in the ocean
Bad shorty never pick up my calls
Little did she know that I been chosen
It's raining blessings and
I'm taking a shower
Dollar in my pocket
Still I gave it a thousand
Coming like no other
Shoutout to my mother
Kicked me out the crib
And now we looking at houses

I'm going mad
I ain't got no ceilings broke all the glass
I got that feeling ain't no going back
Been moving so fast, I can't make it last
Been speeding too fast, I hope I don't crash
I'm going too crazy I'm mad 2 the max
I'm dodging the cameras
I ran when they flash
My head in the heavens
My foot on the gas, yeah
We started a wave, they copied the splash
My team on my back
Lebron with the cavs
I stayed to the plan, I stuck to the map
I paid all my dues and then I paid tax
I'm back in the mix
I stayed to the plan, I stuck to the script
I just crossed the waters
They burned down the bridge
I got on my gold
Let the blessing commence

I hope y'all are staying cool out there
Keep it locked
