

Paid For It

Ty Brasel

I already paid for it
Got your life in my hands
No my love never ends for you
When it's too hard to stand
Know that you can depend on me, right
Lift your head to the sky
Cause my love never ends for you
I'll be right by your side

Yeah
I been through the fire, I been through the flames, yeah yeah
I almost gave up, almost lost my way, yeah yeah
I ran from Your love, I could not escape, no no
I came face to face, I had to face my faith
Ay, I been running away from my purpose
Look up to the sky, lift my head cause I been searching, uh
World going crazy, chaotic and lately
Thoughts in my head say I won't make it but

When the storms raging
And the walls cave in
And the fire blazing
And the seasons changing
Yeah, I look to You, every single time
I know You saved me, yeah

I already paid for it (ooh I already paid)
Got your life in my hands
No my love never ends for you
(my love, my love never ends)
When it's too hard to stand
Know that you can depend on me, right
Lift your head to the sky
Cause my love never ends for you
I'll be right by your side

Yeah
On the edge, on the ledge
Voices in my head tell me no one's there
I remember wondering if they love me
Broken and just hoping for recovery
What if I drop the ball, what if I lose it all
What if I never fly cause I was scared to fall
What about the choices, mistakes that I made
Will they lead me down a path I can't escape, yeah
Love is power, shame's a liar, be inspired
Fear is prison, hope will lift your spirits higher
I gave my worries away, traded them for your embrace

Oh my love, oh my love never ends
My love never ends for you
My love, my love

I already paid for it
Got your life in my hands
No my love never ends for you
When it's too hard to stand

Know that you can depend on me, right
Lift your head to the sky
Cause my love never ends for you
I'll be right by your side
Can depend on me, right
Lift your head to the sky
Cause my love never ends for you
I'll be right by your side

When the storms raging
And the walls cave in
And the fire blazing
And the seasons changing
Yeah, I look to You, every single time
I know You saved me yeah
