

Praying Hands 3

Ty Brasel

Aye It's a miracle I'm standing here with you
I know I could've been history
Another name in the news
I'm a testimony so I praise God in the booth
I move with authority
I speak in spirit and truth amen
Delegating with some made men
Made amends with some friends
Thought I'd never see again amen
I hopped off the porch and made a statement
In the clutch I feel like Ray Klay Jordan game six
Burning the pavement spinning on playlists
Well, it make sense I paved the way to greatness
And I got the plan He placed it
Praise God remember days
I couldn't get a placement

Hallelujah, Amen
Look ma I'm flying cross the nations
Look T it pay off to be patient
New flows fans at the shows it's amazing
Hallelujah amen, triple cross chain feeling stainless
Praise God yeah I know the devil hate this
Bury me in Gold when I go
Tell 'em play this
Amen Amen
Hallelujah Amen

I'ma change the world with my praying hands
I'm moving mountains
Bringing Heaven down to mortal man
Serenading the airwaves across the globe
Life has a way of coming full circle in the end
Father Clean my sins, purify my lens
Watch on my friends
The devil lurking he working over
But I know that You win
I lift my eyes to the hills
I'm seeing blessings and wins
I'm singing hymns like

Hallelujah, Amen
Look ma I'm flying cross the nations
Look T it pay off to be patient
New flows fans at the shows it's amazing
Hallelujah amen, triple cross chain feeling stainless
Praise God yeah I know the devil hate this
Bury me in Gold when I go
Tell 'em play this
