

Real You

Ty Brasel

Yeah, we was onto somethin' real
But you changed on me
I had love for you, I swear
But you wanted to be free
I can't blame you
Blame you
I can't blame you
Blame you
Yeah, we was onto somethin' real
But you changed on me
I had love for you, I swear
But you wanted to be free
I can't blame you
Blame you
I can't blame you
Blame you

I know that you not
Who you been tryna be
You can fool them, baby
You ain't go on me
I know the real you
The real you
I can see right through
Right through
Uh, you the type of girl to stay at home
And talk on the phone until 3AM
Now you made a cup yo' second home
And about 3AM, you come stumblin' in
You had dreams though, but you let that go
'Cause you had lost hope of your potential
You are not the one, no, no, I swear
Seem like you so indifferent
'Cause we had somethin' real, yeah, forever thing
Thought you was the one, feel the chemistry
Deeper than physical
Soul connection on the spiritual
Ridin' with you feel like destiny
But all you wanted was to be free
And then you went and changed on me
I never thought that you would switch teams, oh, no

Yeah, we was onto somethin' real
But you changed on me
I had love for you, I swear
But you wanted to be free
I can't blame you
Blame you
I can't blame you
Blame you
Yeah, we was onto somethin' real
But you changed on me
I had love for you, I swear
But you wanted to be free
I can't blame you
Blame you
I can't blame you

Blame you

I know the real you
I know the heartbreaks you been through
I know it killed you
I know you're feelin' numb to it
But you know I feel you
You know I feel you, it's so hard for me to let love in
Open scars, see the blood drip
I know exactly where your head at, but
You lookin' for love
In all the wrong places
That's not who you are
And I hate it, I hate it
I know who you could be
Don't play with me
You know this ain't you
You can fool them, but I know what it is

Yeah, we was onto somethin' real
But you changed on me
I had love for you, I swear
But you wanted to be free
I can't blame you
Blame you
I can't blame you
Blame you
Yeah, we was onto somethin' real
But you changed on me
I had love for you, I swear
But you wanted to be free
I can't blame you
Blame you
I can't blame you
Blame you

Blame you
I know that you not
Who you been tryna be
You can fool them, baby
You ain't go on me
I know the real you
Real you
I can see right through
Right through
