

RIGHT ON TIME

Ty Brasel

On another flight right when my flight land
I can feel danger on the horizon yeah
In a crisis, you gone really gone
Find out who Christ is yeah
From a wise man, had to give em the
Game it's enlightening
Had to me put me a strap
On the night stand
All this stressing gone
Shorten my life span yeah
I been fighting
It's been dark it get frightening yeah
But I'm up above the skyrim
And the light so bright I keep shining
And I wasted time, tryna play God
And control, the show oh no
But I can't fight it

I gotta pace it, I cannot chase it
It's gonna show up right on time
Gotta be patient, gotta embrace this
Journey of life
We gotta pray and, keep on pushing
When the day ends, it's all divine
I cannot control, what's ahead of me
It's all in the plan just let it be yeah

I step to the edge and I fathom what
Life would be like if I didn't have to battle
My faith still on top of the attic
The wave running over
The chalice it traveled
I got wings like it's something
That Christ had
I thank God he ain't let me unravel
I could never be one that you typecast
I'm transcendent a whole 'nother level
I slept in the summer
I work in the winner for numbing
(What's that?)
Anxiety, the weight of the world
On my shoulders I'm hiding
Though I couldn't go to quietly
The fear that I had is no longer inside me
If you see me I'm up where they flying
I think back cause I missed it entirely

I gotta pace it, I cannot chase it
It's gonna show up right on time
Gotta be patient, gotta embrace this
Journey of life
We gotta pray and, keep on pushing
When the day ends, it's all divine
I can not control, what's ahead of me
It's all in the plan just let it be yeah

Oooh, divine

Oooh, divine
