

# To The Westside

Ty Brasel

I took a quick flight  
Out to the westside  
Time is against us  
I wanna give you my time  
Fight through the distance yeah  
Come with the lifestyle  
The urge is essential  
My love unconditional  
You, me, have all, all that we need  
You, me, something special  
Love set me free

Hopped on a plane to the left side  
I been working 12 months straight  
With no rest time  
Just grind to death and meet deadlines  
More tours get some more money  
Running hard moving cross country  
All my life I fantasized something  
Like this, now I got it it's more suffering  
Yeah yeah  
Sometimes I imagine  
Falling back from the madness  
But then I met you in the traffic yeah  
You showed up right on time  
I was broken I was tired  
You brought life you brought light  
It's 30 more minutes til my flight arrive

I took a quick flight  
Out to the westside  
Time is against us  
I wanna give you my time  
Fight through the distance yeah  
Come with the lifestyle  
The urge is essential  
My love unconditional  
You, me, have all, all that we need  
You, me, something special  
Love set me free

I took a trip to the left side  
I pulled up and then we slide  
And she unique it's a deep vibe  
The way I feel I can't describe  
These eyes, seen a lot in my lifetime  
But not like you, you in the right mind  
Get me high you the highlight  
Yeah yeah  
I didn't know what I need til I met her  
You brought me healing  
I was bleeding and severed  
The distance hurting  
But it pull us together  
It's too much space  
We need some time to settle  
My life is changing

Cause you making me better  
The time against us  
So I feel under pressure  
I'm down for whatever  
And I want forever  
The ups the downs  
The worst, the pain, the pleasure

I took a quick flight  
Out to the westside  
Time is against us  
I wanna give you my time  
Fight through the distance yeah  
Come with the lifestyle  
The urge is essential  
My love unconditional  
You, me, have all, all that we need  
You, me, something special  
Love set me free
