

# Booty Poppin

Ty Dolla \$ign

We just got out the club  
And we drunk as fuck  
We both horny, horny  
Got my main bitch in my bed  
So we can't go there  
But we've got this backseat, backseat  
I got this magnum in my pocket  
I'm getting head off in this cockpit  
I got her screaming and hollering  
I let her ride it while I'm watching

While I watch that booty popping  
Booty popping, booty popping, booty booty popping  
While I watch that booty popping  
Booty popping, booty popping, booty booty popping

I got this drank in my cup, this kush going on  
Now I'm zoning, zoning  
I put that pill on her tong, some smoke in her lungs  
Now she's floating, floating  
I got these bandz in my pocket  
I throw em up like a rocket  
Girl show me why you deserve it  
Twerk, twerk  
Show me why you deserve it  
Twerk, twerk

While I watch that booty popping  
Booty popping, booty popping, booty booty popping  
While I watch that booty popping  
Booty popping, booty popping, booty booty popping

We just got out the club  
And we drunk as fuck  
We both horny, horny

While I watch that booty popping  
Booty popping, booty popping, booty booty popping  
While I watch that booty popping  
Booty popping, booty popping, booty booty popping
