

# Champions

Ty Dolla \$ign

Dolla, ayy  
DJ Bosski, let's get it

We the champions (Ayy), here in Los Angeles (Ayy)  
We doing numbers (Ayy), bringing home victories straight out the huddle  
I met the plug, introduced to my brother  
My squad superior, ain't none above us (Ayy)  
We doing numbers (Ayy), gang in the building and we taking over (Ayy)

Call the promoters (Ayy), I just pulled up in this thang with my soldiers  
I blew a zip and I'm still sober  
Zaza, that's mid, I'ma need me some gas  
Call up Khalifa (Khalifa), bring the McQueen and the KK  
He know I stay with some bad lil' babies  
T-G-O-D, baby, know that's the gang gang  
Crazy girls after the game, we throwin' hundreds, we goin' insane  
Pourin' this liquor out, pourin' this liquor out  
Yeah, homies, we pourin' this liquor out  
We get awards when we give God the glory  
Not shootin' my shot, but most times I be scorin'  
I do this for my city, I bring home the trophy  
Feel like Freddie Mercury, we are

Feelin' like I can't miss, baby, it's all in the wrist  
You really wanna be the boss, that's expensive  
Ain't the real champ if you never defended  
Put in that work, I'ma make 'em remember (Ooh, ooh, ooh)  
I just broke down hella trees yelling: "Timber"  
Stand in the line, they put me in the center  
It blow they mind when they see how I'm winning  
Went back and doubled up, now you in trouble  
My niggas all hustle, my diamonds all huddled up  
T-G-O-D got the shit off the muscle  
Ask me about my life, I love it, I love it (Ooh, ooh, ooh)  
I got so many rings, I need room for another one  
Been through the pain, now it ain't no more struggle  
My team win the game, put our face on the cover  
My brotha, we the champions
