Ty Dolla \$ign

(Dolla \$ign)

I got a bad bitch and she feisty  
Red bottoms on, no Nike's  
I'm a Aries, she a Pisces  
We fuck, clean it up with a white T  
And she don't wanna be no wifey  
I'm a dub, she a dime piece  
She never wear the same clothes twice  
I hit it raw, yeah, I roll the dice  
Eat it 'fore I beat it, I'm a coochie eater  
Fucked her in my chucks and my white beater  
Taste like water, smell like Chanel  
Pussy wetter than a wishing well  
She keep saying she gone leave me  
But she don't cause she need me

Fuck her from the back cause love is blind  
Look back at it, all you see is Dolla \$ign  
Fuck her from the back cause love is blind  
Look back at it, all you see is Dolla \$ign  
Dolla \$ign, Dolla \$ign, Dolla \$ign  
Dolla \$ign, Dolla \$ign  
Look back at it, all you see is Dolla \$ign

She told me fuck her like a gangster  
Choke her out, pull her and spank her  
Dick won't fit, use my fingers  
She only want me cause I'm famous  
I met her at the supper club  
We fucked on the first night  
Big booty, brown skin  
Say my name when I'm pounding  
Pounding, pounding  
Bust once, she told me put another round in  
She said my dick bigger than a mountain  
Let her ride just to stretch it out  
But first I put it in her mouth  
Then I hit it from the back cause love is blind

Fuck her from the back cause love is blind  
Look back at it, all you see is Dolla \$ign  
Fuck her from the back cause love is blind  
Look back at it, all you see is Dolla \$ign  
Dolla \$ign, Dolla \$ign, Dolla \$ign  
Dolla \$ign, Dolla \$ign  
Look back at it, all you see is Dolla \$ign
