

# Float

## Ty Dolla \$ign

Probably never told you this  
But baby girl you the shit  
You would be my leading lady  
If I wrote a movie script  
And I can't, I can't think of words to describe  
The way it makes me feel, when I look in your eyes

When I look in your eyes  
It's like swimming pools to your soul  
And lord knows I can't swim  
So please help me float  
Please help me float  
Please help me float  
And lord knows I can't swim  
So please help me float  
I said please help me float  
She said this and I quote  
I pray to god that you love me, till you can't love me no more  
I said please help me float  
She said this and I quote  
I pray to god that you love me, till you can't love me no more  
OK, one time for my lady  
One time for her man  
Two times for my lady  
I do everything that I can

({You got that} wet wet), make me come home early  
(Yeah yeah yeah)  
I ain't even scratched the surface  
(Oh oh)  
You helped me find my purpose  
I swear you make it worth it  
(Yeah)  
And after all the searching  
I think I found the perfect one

Dolla \$ign  
She got that wet, Sea World  
And I dive in that pussy, like Shamoo girl  
Yeah go all the way to the bottom, no scuba  
Touch a nigga, move bitch get out the way like Luda  
I hit her with the ruler  
I know a little comasutra  
And my bitch bad so I be glad to eat that coochie  
I hit it slow, I take my time when I'm stroaking  
Real nigga can't swim, I'm just tryna keep on floating

I said when I look in your eyes  
It's like swimming pools to your soul  
And lord knows I can't swim  
So please help me float  
I said please help me float  
She said this and I quote  
Why don't you ever try to see me no more?  
So please help me float  
I said please help me float  
She said this and I quote

Why don't you try to see me no more?
