Go Deep

Ty Dolla $ign

I got a big dick she can't take it
I told her girl you better fake it
Got a lot of bitches she my favorite
She was with a nigga before I made it
Pussy good head game amazing
Thick light-skin like Raven
She told me choke her while I hit it
I made her choke on it and spit on it
Got her legs shaking when I'm on top
Said she in love, told her no you not
Ain't love we just fucking
And it's bull

Cause she know I'm gone eat before I beat it
I'ma lick that coochie until it's leaking
She told me put it, don't take it out
Then turn around, poke it out
I go deep in it (whoah)
I go deep in it, go deep in it
Go deep in it, go deep in it
I go deep ooh
I go deep in it, go deep in it
Go deep in it, go deep in it

Spit a few lines now I'm up her dress
OG about to fuck this bitch no more stress
She want to ride on a big boner
A real pimp got her mind playing tricks on her
I fucked her so many different ways
Slapped her with my dick bitch was in a daze
Now I'm pounding like 808's
Niggas want this pussy bet you they gone wait
Cause I ain't going no where until I nut her face
Your lil' slut just a loving the taste
I'm Short Dog and that's what I'm about
I dig so deep I'ma knock the bottom out

Cause she know I'm gone eat before I beat it
I'ma lick that coochie until it's leaking
She told me put it, don't take it out
Then turn around, poke it out
I go deep in it (whoah)
I go deep in it, go deep in it
Go deep in it, go deep in it
I go deep ooh
I go deep in it, go deep in it
Go deep in it, go deep in it

I go deep I make her grind her teeth
Leave a stain on the sheet, a hand print on her cheek
I'ma make the pussy speak baby don't be shy
I fuck her all night long I work the pussy right
Cold sprite mix em' up with it oh she fell in love with it
Look so clean I ain't even use a rub with it
Two girls getting busy at the same time
I can't lie I'm praying that it taste right
Hit me on the late night, baby get your cake right

Big face hundreds make her dance in the daytime
She seeing shit that she never seen
I told her lay down let me do my thing baby girl you gone cream

Cause she know I'm gone eat before I beat it
I'ma lick that coochie until it's leaking
She told me put it, don't take it out
Then turn around, poke it out
I go deep in it (whoah)
I go deep in it, go deep in it
Go deep in it, go deep in it
I go deep ooh
I go deep in it, go deep in it
Go deep in it, go deep in it
