

HARDER

Ty Dolla \$ign

What you wanna do, what you wanna do, go harder?
What you wanna do, what you wanna do, go harder?

Oh, was it all a lie?
What you wanna do, what you wanna do, go hard-?
Oh, were you satisfied?
I need you to just try a little bit harder
I need you to love me a little bit

Love me like we first met
Love me like your first ex
Fuck me like it's first sex
Fuck me like you're mad
Fuck me like you're upset
Love it when you're obsessed
What you doin' with that? (That)
Oh, you tryna kill? (Kill)
What you're doin' with that, that
Like my name was Bill (Bill)
Like we always do (Harder)
You caught me by surprise
Got me 'bout to give you a daughter
Angel in disguise
Put me in, let's go harder

What you wanna do, what you wanna do, go harder?
Oh, was it all a lie?
What you wanna do, what you wanna do, go harder?
Oh, were you satisfied?
I need you to just try a little bit harder
I need you to love me a little bit

Love me like you love diamonds
Ain't nothin' harder than diamonds
Harder, but we keep climbin'
It's so hard to keep tryin'
'Cause we've been hardly subscribin'
I'm high speedin' off timing

What you wanna do, what you wanna do, go harder?
What you wanna do, what you wanna-, w-
What you wanna do, what you wanna do, w-w-w-
What you wanna do, what you wanna do, go hard-?
What you wanna do, what you wanna-, go-go-go
What you wanna do, what you wanna do, go hard-harder? Harder?
Go, what you wanna do, what you wanna do, harder? Harder?
