

Number

Ty Dolla \$ign

Woah
Hello, who is this?
Hitmaka, Sound
Wait, you actually remembered my number?
Sound

Baby, I'm wasted (Waste)
How could I get your number right?
How could I get your number right?
Right, I just wanna taste it (Taste)
Let me slip inside, you know I'm in the 305
, all night

You know I'ma need you
To just sing to my mic, right now
Turn your drip into my drain
Turn these bright lights down
I don't wanna sound like I'm evil (Evil)
But I'm coming for the weed too (Skrt)
Thought I was done after round one
But you know I'ma need two

Oh my God, stop here
I'm not gassing out this plane
Let me fuck you in that Wraith
I got big bills in my bank
Oh my God, stop playin'
I might fuck on you all day
Eat that pussy with whipped cream
Let you lick it off my face

Baby, I'm wasted (Waste)
How could I get your number right?
How could I get your number right? (Right)

Ayy, ayy, ayy
There's not anything that I'd rather do (Do)
Then to leave the club and go home with you
What's that? Just might, good pipe, good night
Wake up, sunrise, best life

Oh my God, stop here
I'm not gassing out this plane
Let me fuck you in that Wraith
I got big bills in my bank
Oh my God, stop playin'
