Ty Dolla \$ign

Could this be everything that I dreamed of?
Could this be beyond my wildest dreams?
Dolla \$ign (Bongo ByTheWay)

Ayy, brand new crib, ooh, it's a palace
My new bitch, ooh, she the baddest
Space coupe, ayy, it's the fastest
Anything I want, ayy, that's that status

Yeah, yeah
Take you 'round the world, cross the atlas (Ooh yeah)
Bad Arabian, ooh (Mashallah), Princess Jasmine
Stuff a million cash in the mattress
When I pull the D out (D), she make it vanish
Says she wanna see me now, sent the address (Skrtrt)
Hop up in my Chevy drop, it's a classic
I just killed the pussy, need a casket
Then I threw my neck a pool party (Party)
I told Ye to drop the OG "New Body" (Body)

I told Ye to run for president (President)
He said, "Dolla, you too good to put your voice on that generic
shit"

Brand new crib, ooh, it's a palace
My new bitch, ooh, she the baddest
Space coupe, ayy, it's the fastest
Anything I want, ayy, that's that status

That's that status
That's that status
That's that status, that's that status
That status
