

# Take It There

Ty Dolla \$ign

Walked in the gym with my goon  
Take a nigga bitch she gon' choose  
Bombay make me act a fool  
Rich nigga make you break the rules  
Sport car make you drive fast  
I got the digital dash  
Pocket got a whole lotta cash  
Little baby got a whole lotta ass  
She know what I came to do though  
I can stomp down on 10 toes  
She woke up like (where did) all her friends go  
These niggas flexing in a rental  
I ain't had no condoms, still hit it though  
Found a condom in my wallet too late now  
I just wanted top but she got on top  
Put it all in, she told me don't stop

And we gon' take it there  
Take it there, take it there  
We gon' take it there  
Take it there, take it there  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down

10 minutes, I got 10 minutes  
Fucked her in the rain and she came 'fore we finished  
I ain't finished, no I ain't finished  
Doing real things and her man ain't winning  
Bite you on your ear, smack your ass, grab your titties  
Pour another shot now we both getting litty  
Brought some for the gang she want the whole damn committee  
Hit it from the back she caught a whole lotta feelings  
Bad bitch from Toronto  
Her nigga play for the Broncos  
We at my house and no one home  
We about to make a porno  
Hope her man don't find out  
If he trip then my gangsters gon' kill one of these niggas  
Gave it to me one time  
Brought it back to me one more time, I'm still that nigga  
Oh no

And we gon' take it there  
Take it there, take it there  
We gon' take it there  
Take it there, take it there  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way

All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down

Tell that nigga he ain't in the picture  
I just spot it, I'ma come and get ya  
Girl I'm cool, I ain't fucking with ya  
I'm just joking, I'm just fucking with ya  
Spread your legs like the Jordan symbol  
I swear to me it's okay  
Tryna get you all in these positions  
I know you had a long day  
I hope that you ready for me  
I'm texting in the hallway  
Count a bag with my niggas  
You gon' smash one of my niggas  
I be on some other shit  
Still I know you love the shit  
Hit it, I just left the trap  
Taylor Gang, you fuck with this

And we gon' take it there  
Take it there, take it there  
We gon' take it there  
Take it there, take it there  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down  
I'ma take you all the way  
All the way, all the way, all the way, all the way down
