Uh  
Ooh, yeah  
Ooh

She got booty like a dump truck (Dump truck)  
All that body, I want ya (Want ya)  
Make it clap like a door, yeah (Door, yeah)  
Gotta do it for the culture (Culture)  
We should be way closer (Closer)  
On your back with your toes up (Toes up)  
Niggas fall in a potion (Potion)  
Yeah, yeah

I'm with it, I'm with it  
You with it, you with it  
Let's get it, let's get it  
Come ready, come get it, girl  
Is you with it? (With it)  
I'm with it, I'm with it  
You with it, you with it  
Let's get it, let's get it  
Come ready, come get it, girl  
Is you with it? (With it)

I've been waitin' for you to pull up  
I've been out here with them, hold up (Hold up)  
My lil' bitch on me, can you back it up? I've been wanting it all day (Day)  
Y'all not ready for the hold on (Hold on)  
You want it fast or we can slow-mo'? (Slow-mo')  
Always searchin' love, searchin' love  
After we could cuddle up, cuddle up, oh  
I am not that usual  
You make me feel useful  
That's your bae and yours too  
Under pressure, know that I love the harder it gets  
Turn me on like the song  
Know you'll never forget

I'm with it, I'm with it  
You with it, you with it  
Let's get it, let's get it  
Come ready, come get it, girl  
Is you with it? (With it)  
I'm with it, I'm with it  
You with it, you with it  
Let's get it, let's get it  
Come ready, come get it, girl  
Is you with it? (With it)  
I'm with it, I'm with it  
You with it, you with it  
Let's get it, let's get it  
Come ready, come get it, girl  
Is you with it? (With it)  
I'm with it, I'm with it  
You with it, you with it  
Let's get it, let's get it

Come ready, come get it, girl  
Is you with it? (With it)

Girl, girl, what you gon' do tonight?  
Tell me what you decide  
It's all about you tonight  
From the back, to the front  
In the back of the van  
I'm in, could you slide?  
Ooh
