

## Lean In

Ty Herndon

You look at me like it's OK  
Hiding behind that smile there on your face  
I hear the things that you don't say  
Stuck in your ordinary ways  
But this isn't ordinary pain  
And I know it's hard for you

But I want you to lean in  
When this world is too much to be in  
When you're standing there holding your jagged heart  
And you need to be reminded of who you are  
I'll get you through  
Till you can tell yourself the truth  
I want you to lean in

Show me the scars that hurt the most  
There's nowhere that I'm afraid to go  
You don't have to do this on your own  
Just say the word  
Where does it hurt  
Give me the worst

I want you to lean in  
When this world is too much to be in  
When you're standing there holding your jagged heart (heart)  
And you need to be reminded of who you are  
I'll get you through (I'll get you through)  
Till you can tell yourself the truth  
I want you to lean in

Show your face  
You can break  
Whatever it takes (Whatever it takes)

I want you to lean in  
When this world is too much to be in  
When you're standing there holding your jagged heart  
(Standing there holding your jagged heart)  
And you need to be reminded of who you are  
I'll get you through (I'll get you through)  
Till you can tell yourself the truth  
I want you to lean in

I want you to lean in (lean in)  
Oh I need you to lean in (lean in)  
Oh I want you to lean in
