

## Bees

Ty Segall

Fall in love, fall in love, be happy, be happy  
Live your life like a tree, fall in love, be happy

Free...

Be my bee, be a bee, so happy, so happy  
Live your life like a tree, so happy, so happy

Free...

Now it's time for us to die, we will fly, we will fly  
Meet me there, oh so high, we will fly, we will fly  
So I get you won't cry, laugh, laugh, laugh  
In my life, be a ghost, in the sky we will fly

Free...

Love, love, we are in love  
Love, love, we are in love  
Love, love, we are in love  
To all of your confession [?]  
Aren't we all Jesus Christ?  
"I'm on drugs and Lemmy from Motorhead gave 'em to me!"
