

Cat Black

Ty Segall

Cat black, you know she's bad
Been six weeks since she blew us back
She's fine, she's all mine
Gonna stop her blowing, blowing our mind again

Cat black, she's my honey
All she wants to do is spend my money
She's a real [?] chick and I love her so
She knocks me out with that rock n' roll, yeah

Cat black, you know what I mean
There's my heart and here's the keys to my Cadillac
Hey cat black, look all pretty let's get [?] fade away

Cat black, she's so sweet
She's so pretty I can't hardly speak
Dresses in jeans, gets obscene
She's kind, she's so fine to me

Cat black, you know she's bad
Been six weeks since she blew us back
She's so fine and she's all mine
Gonna stop her blowing, blowing our mind again

Cat black, you know she's bad
Been six weeks since she blew us back
She's fine, she's all mine
Gonna stop her blowing, blowing our mind again

Cat black, she's so sweet
She's so pretty I can't hardly speak
Dresses in jeans, gets obscene
She's kind, she's so fine to me
