

Circles

Ty Segall

And when we are creepy, it makes me feel alright
To know the world is sleeping, it keeps me up all night

I remember you, dear
Sitting oh so near
You, sitting by my side

So we walk, and walk, and walk
And we talk, and talk, and talk
This is us in circles, yeah

I remember me, dear
Sitting oh so near
I told you everything's alright

I remember us, dear
We were sitting, oh so near
And we knew that it would be alright
Yeah, alright
