Crazy

Ty Segall

You, little one, you got your hand over your heart
Take away your hand, give your heart a brand new start

Cause he’s here, he's still here though she is crazy
He’s here, he's still here, though she is crazy, crazy

Oh, little one, don't forget where you come from
Cause you and me, we are one, I am his son, be the little one

Cause he’s here, he's still here though she is crazy
He’s here, he's still here though she is crazy, crazy
And sing your favourite song, oh-oh
Oh, he’s here, he's still here though she is crazy
He’s here, he's still here though she is crazy
He’s here, he's still here though she is crazy
He’s here, he's still here though she is crazy
