

I Sing Them

Ty Segall

My life is a mystery
I look inside, but I can't see
All I got is what I'd say
So I don't speak or talk or pray

I sing them
I sing my song so I am free
I sing them
I sing my song and sound like me

I'm not wasting all my time
Singing other people's rhymes
'Cause you know that I don't care
I'll sing my song though no one's there
'Cause I'd rather sound like me
Than try to sing your melody
Yeah, you know that I don't care
I walk right by and grow my hair

And sing them
I sing my song so I am free
I sing them
I sing my song and sound like me
I sing them
I sing my song so I am free
I sing them
I sing my song and sound like me

La-la, la-la, la-la-la-la-la
La-la, la-la, la-la-la-la-la
La-la, la-la, la-la-la-la-la
La-la, la-la, la-la-la-la-la

I sing them
I sing my song so I am free
I sing them
I sing my song and sound like me
I sing them
I sing my song so I am free
I sing them
I sing my song and sound like me
I sing them

Come on, sing it!
